

KNAUDER'S BEST

THE MULTI RELAX PAD FROM KNAUDER'S BEST

A must-have for dogs – The Multi Relax Pad, with a multitude of possibilities!

The Multi Relax Pad offers a comfy, cosy place for your dog to lie on. Thanks to its handy size and light weight, your four-legged friend can relax in familiar comfort, no matter where they are. The surface of the Multi Relax Pad is made up of four super-soft layers of polar fleece in various colours. Using the opening on the side, you can select any one of the four colours by simply turning the Multi Relax Pad inside out, thereby adjusting the colour whenever you like. The opening on the side also means you can put a warmed or cooled cushion into the pad and provide your dog with pleasant warmth – to relieve aches and pains, for example – or a cool mat to lie on. If you unfold the Multi Relax Pad completely, it also provides sufficient space for 2 dogs to lie on. By forming it into a cave shape, the Multi Relax Pad also provides a secluded place for small dogs where they can snuggle down and feel safe. The handmade Multi Relax Pad is lovingly manufactured in the EU from high-quality materials. Due to its water and dirt-repellent properties, the Multi Relax Pad is very easy to take care of. If it is only lightly soiled, it can simply be brushed clean; otherwise, it can easily be washed in the washing machine at 40°C. The Multi Relax Pad can also be tossed into the drier so that it is ready for use again in no time at all.
