## THE HEART PAD FROM KNAUDER'S BEST

### *Time for more sniffing action!*

*New hiding places, new challenges and new searching fun for you and your four-legged friend with the brightly coloured Heart Pad. This unusual, hand-made, intelligence-boosting toy was developed with lots of specialist knowhow and attention to detail. And the principle behind all of the high-quality, innovative original KNAUDER'S BEST products – the fact that they are especially tuned to the needs of your pets – is ingenious: through the mutual activity, your relationship with your dog is encouraged in a playful manner at the same time, and you learn to understand him better, he becomes more trusting and the bond between you is strengthened. The species-appropriate occupation and the sense of release that results make the Heart Pad a fantastic way of keeping your furry friend busy in between. You'll love it just as much as your dog does.*
